

**NOV. 11TH, 12H, 13TH 4 -8PM
& NOV. 16TH 9AM-3PM
COMPOSTABLE BAG PICK UP
@ MCLEOD COUNTY FAIRGROUNDS
COUNTRY DINER**

CERTIFIED COMPOSTABLE BAGS

This form will provide each household, signed up for City organics collection service, two rolls of certified compostable bags, along with some helpful Compost it Right resources to help reduce organics cart contamination.

MISSED LAST PICK UP AND STILL WANT A KICTHEN BIN?

You are in luck! Kitchen bins will be available to residents who did not receive one last pick up. Kitchen bins are the perfect size for the City provided compostable bags and make collecting food scraps a breeze.

STAY TUNED!

To further continue cleaning up the organic material we collect for composting, we will be changing how we distribute bags at the Spring bag pick up, making it easier for residents to learn what belongs in curbside organics carts and what does not. More info will be provided beforehand.

Please fill out this form before pick-up to ensure a quick and smooth visit. We're excited to see you there!
